5. Contracting authority

VM DASzK Szakképző Iskola - Teleki Zsigmond Mezőgazdasági Szakképző Iskola és Kollégium, Villány

CONTRACT SPECIFICATIONS

6. Description of the contract

The VM DASzK Szakképző Iskola - Teleki Zsigmond Mezőgazdasági Szakképző Iskola és Kollégium, Villány would like to purchase a spirit distiller within its project "Development of fruit industrial education and training within the frames of cross-border co-operation" to support the educational activities of the School.

Equipment to be purchased:

1 spirit distiller with 150 liter capacity, gas heating and computer control

7. Number and titles of lots

Partial offer can not be submitted.

TERMS OF PARTICIPATION

8. Eligibility and rules of origin

Participation is open to all legal persons [participating either individually or in a grouping (consortium) of tenderers] which are established in a Member State of the European Union or in a country or territory of the regions covered and/or authorised by the specific instruments applicable to the programme under which the contract is financed (see item 22 below).

All goods supplied under this contract must originate in one or more of these countries. Participation is also open to international organisations. Participation of natural persons is directly governed by the specific instruments applicable to the programme under which the contract is financed.]

9. Grounds for exclusion

Tenderers must submit a signed declaration, included in the Tender Form for a Supply Contract, to the effect that they are not in any of the situations listed in point 2.3.3 of the *Practical Guide to contracts procedures for EU external actions*.

10. Number of tenders

Tenderers may submit only one tender per lot. Tenders for parts of a lot will not be considered. Any tenderer may state in its tender that it would offer a discount in the event that its tender is accepted for more than one lot. Tenderers may not submit a tender for a variant solution in addition to their tender for the supplies required in the tender dossier.

11. Tender guarantee

Not Applicable.

12. Performance guarantee

The successful tenderer will be asked to provide a performance guarantee of 5% of the amount of the contract at the signing of the contract. This guarantee must be provided no later than 30 days after the signing of the contract. If the selected tenderer fails to provide such a guarantee within this period, the contract will be void and a new contract may be drawn up and sent to the tenderer which has submitted the next cheapest compliant tender.

13. Information meeting and/or site visit

No information meeting is planned

14. Tender validity

Tenders must remain valid for a period of 90 days after the deadline for submission of tenders.

15. Period of implementation of tasks

The planned date of signature of the contract is 29th of February 2012 at the latest, then the 31th of May 2012 is the deadline of the provisional acceptance.

SELECTION AND AWARD CRITERIA

16. Selection criteria

The following selection criteria will be applied to tenderers. In the case of tenders submitted by a consortium, these selection criteria will be applied to the consortium as a whole:

- 1) Economic and financial capacity of tenderer (based on i.a. item 3 of the Tender Form for a Supply Contract). In case of tenderer being a public body, equivalent information should be provided.
 - the average annual turnover of the last two closed financial year (2009, 2010) of the tenderer must exceed the **100 000 EUR**; and
 - the averages of cash and cash equivalents of the last two closed financial year (2009, 2010) are positive.
- 2) Professional capacity of tenderer (based on i.a. items 4 and 5 of the Tender Form for a Supply Contract)
 - has at least the following staff:
 - computer programmer (at least with “OKJ” qualification)
 - mechanical engineer with automation specialisation and 3 years professional experience
- 3) Technical capacity of tenderer (based on i.a. items 5 and 6 of the Tender Form for a Supply Contract)
 - The Tenderer should have two positive rated references in the field of the contract from the last 3 years of the submission. The reference should be indicated with the name of the equipment, the value of the contract and name of the person, who verifies the reference in the item 6 of the Tender form.
 - The Tenderer should have references in 2009 and 2010 relating to a one-stage distillation equipment with refinery column, which was made and delivered by the Tenderer, in value of net 17 millions HUF per year.
 - The Tenderer should have ISO 9001-2001 Quality Management System.

The contract can be concluded with the Tenderer, who meets the required selection criteria.

An economic operator may, where appropriate and for a particular contract, rely on the capacities of other entities, regardless of the legal nature of the links which it has with them. Some examples of when it may *not* be considered appropriate by the Contracting Authority are when the tenderer rely in majority on the capacities of other entities or when they rely on key criteria. If the tenderer rely on other entities it must prove to the Contracting Authority that it will have at its disposal the resources necessary for performance of the contract, for example by producing an undertaking on the part of those entities to place those resources at its disposal. Such entities, for instance the parent company of the economic operator, must respect the same rules of eligibility and notably that of nationality, as the economic operator. Furthermore, the data for this third entity for the relevant selection criterion should be included in the tender in a separate document. Proof of the capacity will also have to be furnished when requested by the Contracting Authority.
